

How to create an account with MGs on Track

If you want to join us at MGs on Track then you will need to create an account. Start by clicking the **Login** button:

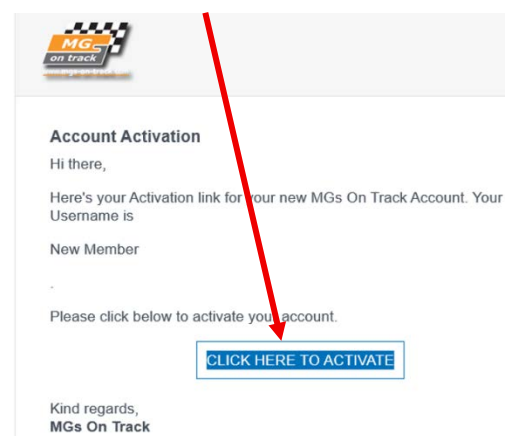

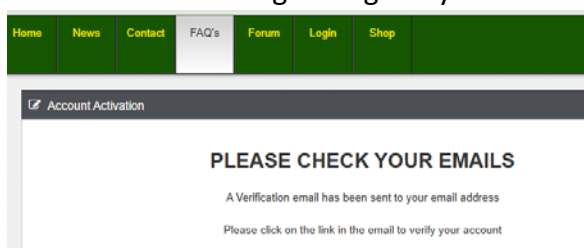

Next click **Sign up here**

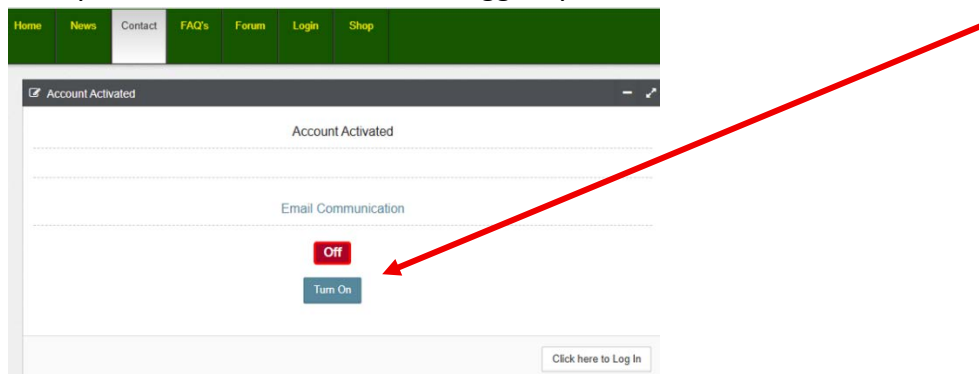

Complete your details and press **Create User**

You'll see this message - so go to your email and **CLICK HERE TO ACTIVATE**

Now your account is activated we suggest you turn email communications ON

Next you need to login and enter your personal information and car details.

Note: You can add multiple Driver details and multiple car details to your account.

Please include a picture of you and any other drivers and of your car or cars. There are How To guides do this in the FAQ page of the website. Also add details about the car like engine size, horsepower etc. which makes it more interesting for other members when on the same track day.
