

How to upload a photo to your **Car Profile**

1. You must log in before going any further:

The login form features a top navigation bar with links for 'FAQ's', 'Forum', 'Login', and 'Shop'. Below this is a 'Sign In' button. The main form area contains a 'User Name:' label with a text input field containing the placeholder 'Insert user name', a 'Password:' label with a password input field showing eight dots, a 'Remember me next time.' checkbox, and a 'Log In' button.

2. Go to “Account” > Click “My Details”:

The account menu is displayed with three main tabs: 'Account', 'Admin', and 'Shop'. Under the 'Account' tab, a list of options is shown: 'My Events', 'My Basket', 'My Details', 'Member ...', and 'Logout'. A red arrow points to the 'My Details' option.

3. Select “My Cars & Drivers” (NOT “View My Profile”)

The 'MY ACCOUNT' sub-menu is shown with a dark blue header. Below the header, there are two options: 'My Cars & Drivers' and 'View My Profile'. The 'My Cars & Drivers' option is highlighted with a green checkmark and a red arrow, while the 'View My Profile' option is marked with a red 'X'.

4. At "My Car(s) Info" > click "Edit Cars"
